

Year 9 - Subject Preference Sheet

All students in Year 9 study English, Mathematics, Science, Physical Education and Health, Social studies, the Arts, Technology and Languages.

Languages

Within the languages curriculum area, students choose **two** half year subjects from those listed:

Te Reo Māori

French

Japanese

Please indicate in the space below, **in order of preference**, your three choices from the above list. A third preference is required in case we are unable to accommodate either of your first two choices.

2nd

3rd

Learning Development

Students identified as benefitting from numeracy and literacy support may be placed in Learning Development programme instead of studying a language. Placement in this programme is based on achievement information.
